Out of these outlets, 67 CNG Stations are running on different OMCs (Oil Marketing Companies) like BPCL, HPCL, IOCL & NAYARA.

Remaining 14 CNG Stations are either Company Owned or Company Operated (COCO)/ Dealer Owned or Dealer Operated (DODO) Outlets.

In Kanpur, below mentioned are the names and location of the COCO stations –

Along with that variable sales component (% of sales) will be charged from Franchisee, and paid directly to CUGL, who will then pass on some component of the sales to BPCL based on the model, on which C-Store is being operated.
